How was your dinner?
Very good, thank you.
So, what about my questions?
You know I'm not comfortable meddling in the lives of individuals I have... personal relationships with.
C'mon! I'm buying you a meal and letting you have your way with me tonight. I think I'm entitled to a LITTLE free psychological advice!
You're...
Fine. Does your friend Sabrina know how you feel about her?
I'm not really secretive about that.
Things are a bit different now, though. She has a husband and child now, and I don't see her quite the same way I once did.
Well, perhaps you should have an honest talk with her, so you both fully understand each others' positions.
That's the best you got?
Sometimes the correct answer is the most obvious one.
Still, I think I might have an idea or two for how to take care of this. Come with me - you can help me pound out the details.
Undo your pants in the car. It'll save time.
Uhhh...

LATER:
So you see, they're all dragons, but that one's a little child, like you Danielle, and that one acts all tough, but is actually very nice and sweet.
eh.
YAWN!
Mornin' sleepyhead!
Now that girl's a computer programmer, and the best character. She's the glue that holds all the dragons together, kind of like...
Hey Sabrina, what character in this anime do you think you're most like?
What are you talking about?
Uh... Never mind.
Now some things in this show are not appropriate for children, so-
What's this in the mail?
What's what in the mail?
I'm still trying to figure it out.
CELEBRATING SABRINA'S IMMINENT RETURN, THE ZZ STUDIOS:
SKUNKS' DAY OUT
THURSDAY @ MONARCH MOUNTAIN

©2019 Eric W. Schwartz - All Rights Reserved - Page 02

So what's going on?
Zig Zag's doing a get-together at the Monarch Mountain theme park, to celebrate me coming back to work.
I guess that could be fun. I haven't been there in years.
I'm afraid you weren't invited.
Say what?
According to this, the outing is for skunks and part-skunks only. It's just me, Danielle, Zig Zag, my parents, and some skunks from the studio.
So, are you gonna go?
I dunno. Since this is supposedly about me, it seems like it would be rude not to.
If you want I can probably talk Zig into letting you come along - tell her I need you to help with the baby.
No, that's fine. I wouldn't want to get on Zig Zag's bad side.
To be honest, she scares me a little.
Hey, she knows if she messes with my family, I will take her DOWN!
Now you're starting to scare me.

RING!
Sabrina! Did you get my invitation?
Yeah, I did.
So can I count on you to be there?
umm.. Yeah, I guess I will.
Great!
Mind if RC comes along?
What!?
C'mon girl! This is supposed to be SKUNKS' day out! No raccoons allowed!
I'd like to have him with me to help with Danielle.
I have a premise to commit to here! Even Tina is staying behind!
If you need baby help, I'm sure either your mother or I can step up.
Okay, Fine, but this is basically speciesism, you know.
Noted.
I'd like a favor in return though.
Oh? What?
I want to add on a trip to a toy store.
That's all? Really?
I haven't been able to take a shopping trip since Danielle was born. I've all but missed an entire new toy line!
Are there even any toy stores left anymore?
Then we'll stop at a Target or something!
I NEED this!

Well, Sabrina's in.
Your diabolical plan is moving along briskly.
I've been trying to be less diabolical lately.
ZIG ZAG! I heard you're planning a trip to Monarch Mountain!
Uh-
I am SO there!!
Sorry Sheila, but you're not invited this time. Skunks only.
WHAAAT!? but I wanna go!
You're welcome to go any other time, but I've got a theme here!
C'MON!! You're being totally discribblatory!
and you just want a free trip to a theme park.
YEAH!!
What about you guys? Will you be attending?
Peter?
Sorry, got work to take care of at home.
Stacey? Tracey?
Oh, definitely!
It'll be perfect! An amusement park is on our "sex in public places" bucket list!
Wow, seriously?
What's wrong? I didn't think you had a problem with public screwing around!
True, but I usually avoid areas frequented by children.
See, that's where you and we differ.
Sheesh, It's not like we're gonna be doin' it out in the open!

Sabrina! How are you?
I'm Fine Mom.
How's my grand-daughter?
Possibly speaking.
Say Mom, did you get an invitation to that thing Zig Zag is doing?
Oh, yes! We're really looking forward to it.
So you are going.
OF course! Why?
Nothing. I just didn't think amusement parks were your thing.
Well there are other things to do besides going on rides.
Mostly I'll enjoy spending the day with my Family and my Friends.
Your PORN STAR Friends.
What's that supposed to mean? I thought Zig Zag was your Friend too!
Well... Yeah.
So why are you giving me a hard time?
Sorry, but it will never stop being hilarious to me that my straight-laced mother likes hanging out with my porn-queen boss.
I'll make her respectable some day, just you wait!

M.M. (MONARCH MOUNTAIN) DAY:
Why do you do that?
Do what?
I notice you keep dressing Danielle up in ribbons and pink clothes.
Why so stereotypically girly?
Is there something unusual about a girl dressing in pink?
I don't know. Maybe I should ask the girl who wears blue t-shirts nearly every day of her life.
Is this imposing a gender role on her?
What? She's not old enough to know about any of that!
Who's to say? She can already navigate the phone app store.
I just want our daughter to be happy.
Look, if Danielle shows me she wants to express her identity through her clothes, I'll respect that,
-but until then, I'll dress her so people on the street won't keep asking, "Oh, how cute! What IS it?"
OK, NOW I get it.

What's the problem, Danielle?
IH! IIIHHH!!
C'mon, we can't have you fussing all day. Here, I got you a new binky.
I remember when they used to call these 'pacifiers'.
POIT!
There, how's that?
Ptui!
Doink!
Fine, here's the other pacifier.

You ready?
-as I'll ever be.
Mom and Dad should be here any-
DING DONG!
minute.
Hi Mom, Hi Dad.
Hello dear. Are you ready to go? Tabitha's waiting in the car.
As soon as I get Danielle in her car seat.
Well, I hope you all have fun today.
Oh, I won't be going.
...
Huh?
I never cared for amusement parks myself, so I thought I'd spend the day with you.
Oh, really? that's...
great.
Sabrina thought you'd enjoy the visit, so you wouldn't be alone.
She did, did she?
It seems like she was worried you'd wind up sleeping all day.
You say that like that's a strange thing for a new parent to do.

So, what would you like to do?
I don't know.
...
hmm.
Do you think Sabrina and her Mom are having an easier time of it than us?
Most definitely. Endora's never at a loss for words.
I can't see why you let Danielle use that horrid gadget. You're going to ruin her eyes and turn her hyperactive.
It's not like I wanted to, but do you want her to be cranky and noisy the whole trip?
Oh please,
It's not any different than Tabitha's Gameboy or tablet.
Hey, leave me out of this!
Tabitha's not a baby, and we never had problems like that when either of you were that young.
You didn't have to deal with this level of technology!
I'm just telling you that-
BING!
TAKE I-71 EXIT AND TRAVEL SOUTH FOR - EIGHTY - MILES.
NNGHH...
Anyway, where was I?

This is where we keep the toys and collectibles, along with our computers.
We moved it all in here so we can keep it away from the baby when necessary.
I've never seen all this before. I had no idea she owned so many robots.
This collection must be worth a fortune!
I'm too scared to think about how much money's been spent.
Well! Is that what I think it is?
What you think what is?
Is it hooked up?
Is what hooked up?
I remember I got this for Sabrina second-hand years and years ago. It might've been old, but she still loved playing with it.
What are we talking about!?
Right here. The Atari.
Oh.
I thought that was a wood sculpture.

I hate these huge parking lots.
I thought there was a cart or train or something to take you up front.
LOT C
IF you see one, point it out to me.
There, that wasn't such a chore, was it?
Monarch Mountain
Ugh, I haven't even made it in the front gate and I already feel worn out.
Hey ladies! You finally made it!
Zig Zag!
We might've been here way earlier, but the only parking was in lot "ZZ"
Heh, really?
Don't hug me. I'm already sweating.
You know that wouldn't stop me.
Yeah, I know.
The others are already here. I thought Warren would be with you.
He decided to stay behind with RC.
Seriously? Peter from the acting staff backed out too.
That means this 'skunks only' day just became 'girls only' as well!
Is that a big deal?
Not really, but it's not making this look any LESS like some exclusive clique.

Well, looks like now we can-
ZIG ZAG!!
Whuh?
Can I come along now?
Sheila!
Holy crap, did you dye your Fur?
Yup! not too bad, huh?
What kinda stuff is that? Will it wash out later?
I ... don't know.
So can I go or not?
Fine, I'll buy you a ticket. Just - stay outta my way, okay?
YAAAAYY!!!
I'll see you on the other side of the gate.
Thanks. One question.
What is it?
What do I do about this?
Just get him laid! That's all he wants!
Mon cherie, come wiz moi to ze casbah, and we shall make ze beautiful muzique together!

Alright ladies, we're here to enjoy ourselves
Oh, we will. Trust me.
Wheeeee!!
So, can I count on you to go on some thrill rides?
I'm in!
Yeah, probably. It's been a long time, but I remember enjoying this stuff when I was younger.
What about you, Endora?
Oh, I don't know.
C'mon, you owe me at least one ride.
Don't forget you and I are here to have fun!
Is that why you're dressed like you're going to a garden party?
Hey, it's hot out today! I need something light and airy.
As long as it doesn't blow up over your head on the roller coaster.
What's the problem? I wore undies today!
TWIRL!
Oh, HONESTLY!
SNRK! You two are getting more and more alike.

Excellent! It still works!
Oh, grand.
C'mon now. This was the biggest thing by the end of the 1970s!
Yeah, well, you realize we have video games with graphics that actually look like things now.
That's overrated. This is all about a pure experience.
These games gave you exactly what you needed, and nothing extra. They're simple to pick up and play, but could take years to master.
Who would want to put that much time in?
Really, you should learn you don't need some fancy new game machine to have a fun time.
Obviously you haven't PLAYED any of the new game consoles.
Don't need to. All that new technology is just unnecessary window-dressing.
I'm beginning to see where Sabrina gets her fascination for Amigas and other archaic retro stuff.
What's 'retro' about it? Quality is quality!
Now it's time you got schooled, young man!

So, what do you think would make a good spot to go to town on each other?
Those shrubs over there look promising.
Stacey! Tracey!
What's up Sabrina?
I was going to take Tabitha on some rides, but obviously the baby can't come along. Would you mind watching her for a little while?
You... want us to look after your child?
Zig Zag told me you'd be good at it. I won't take long. Just keep an eye on her until I get back.
Are you sure it'll be OK?
Don't worry. If you need anything, supplies are in back of the stroller.
Wow, that was really cool of Sabrina to trust us with her daughter like that.
Yeah! I had no idea she thought so highly of us!

What the hell is going on here?
It's pretty obvious. You move the little shield around to protect your wall from being knocked down by the ball.
How exactly am I supposed to do that?
The controls are a knob and one button. I think you can figure it out.
I don't think my controller is working right.
These old paddles can get flaky sometimes. Is it being jittery?
No, the thing on the screen just isn't moving the way I turn the knob.
Really? That shouldn't-
Oh, never mind, you're already dead.
WHAT!? When did that happen?
Just now.
No, I'm still right there!
I'm playing top-left, right?
No, that's me. You were bottom-right.
Ohh...
I am dead.
Here, let me finish off the computer players, and then we'll start over.

Zig Zag! There you are. Have you seen my mom around?
She's on the "Screaming Wind Blade" right now. What's up?
Do you think you could look after Tabitha for now?
I don't need a babysitter!
Why? What's the problem?
Well, she wants to go on all these rides, and I just can't handle any more!
They say I'm not allowed to ride without an adult - PFFT.
Sure thing - I love a good thrill ride, and roller coasters too!
ha - ha.
Come along kiddo. We'll have a great time.
Sounds good to me!
So what happened to you? I thought you were OK with these rides.
I thought so too, but now it seems they just make me feel panicky and nauseous.
The whole time I was on there, inside my head I was screaming "What the hell am I doing? I have a career and family! I don't wanna die here!!"
Well I guess that's it then. You got old.
HA!
IF it means not waiting in line Forty minutes to Freak out at 90 miles an hour, I'm all For it.
Even your mother is willing to go on these rides!
I WAS willing. I'm just not any more.
But hey, if Mom handles it better than me, more power to her.
Ma'am, you need to let go of the bar.
Ma'am!

How... How are you doing that?
The game's moving so fast I can't even follow it!
It comes from years of practice, but it's been a while, so I'm a bit rusty.
With time it gets so you can do it almost without thinking, like a reflex.
5995
All these Atari controllers are insane - knobs and sticks with only one button, and it's on the wrong side!
That's just the way things were before the Japanese stuff took over.
It limits what you can do! See, with this controller, you have the D-pad, analog controls, wireless motion tracking, and lots of buttons and triggers for more functionality.
That's far too complicated. I'd never be able to keep track of all those buttons in the middle of a game.
Truth be told, I do most of my gaming with the mouse and key-
How have you been playing this whole time without missing?
I'm not sure.
Could you please turn the machine off? I don't think I can stop.

Thank you both for watching Danielle for me. I hope she wasn't any problem.
No, everything went just fine.
Once we let her borrow Tracey's phone, she was no trouble at all!
You what!? Aw, I wish you hadn't done that.
She likes Candy Crush.
Yeah I KNOW she likes Candy Crush!
Sorry, we didn't mean to do anything wrong!
No, it's not your Fault. I've just been trying to keep her from becoming a complete smartphone junkie.
C'mon Danielle, It's time to give that phone back, so...
nuh!
hm.
I think you've been charged for two hundred dollars worth of in-game gold.
whut?
Yeah, her regular phone is NOT connected to my own account.

Do you need us to watch Danielle any more?
No, that's OK. I'm kinda burned out on rides now, so we can stick together from here on.
Thanks again for your help you two.
See you Sabrina.
Bye Danielle!
So, still wanna have one of our own some day?
Oh for sure! I think we'll make kickass parents!
Just gotta remember that babies shouldn't be on the phone all day, and we'll do Fine.

He last checked in near the northern walkway.

What is this? Fred, are you in there?
Shelley? Watch out!

Mom?
Sabrina! What happened to you?
Danielle threw up on me - and two other people along a parabolic arc.
You?
I had to be carried off a roller-coaster. It took two workers to pry my fingernails out.
I thought these rides were supposed to be fun, but for me they're just nausea-inducing.
I know! I was never big on thrill rides, but Zig Zag said it would be a good time, so I went along with it.
I didn't know it would be so horrible though! How do these... CHILDREN handle it?
I guess neither of us is as young and stupid as we used to be, huh?
I guess you're right about that.
heh.
heh.
So, what the hell is the deal with you and Zig Zag anyway?

Now you knew that Zig Zag and I have been friends since before Danielle was born!
I knew, but it took a while to sink in. I kinda - blocked it out the first few months.
What?
I just mean you and Zig are very different people.
I wouldn't have expected the two of you to hit it off in the first place.
After that, I figured it was just some phase. but you both have stuck together for a long time now.
Is that so surprising?
Like I just said, yes!
I don't know what to tell you. We started meeting up shortly after your wedding.
We talked a lot about you, actually. Zig Zag is very impressed with you dear.
Oh?
I think perhaps she just likes to speak with someone wholesome like me, and I find her very interesting and fun to talk to.
I didn't know how smart and kind she could be. She helped me out a great deal after the wedding.
I was feeling rather fragile after you got so cross with me back then.
Well to be fair, you were trying to talk me out of getting married immediately before the ceremony.

Look, I know you don't like RC.
What? No! He's...
Fine.
You literally campaigned against our marriage.
I know, and I feel bad about that. When I was growing up, my family was very strict, and taught me that one should only date within his or her own species.
Grandma and Grandpa did?
Doing otherwise went against the natural order of the world, and would cause nothing but problems for you and your family. I believed that.
Zig Zag helped to show me how silly that attitude was. Did you know she has tiger blood in her family?
Yeah, I kinda figured that out.
Anyway, over time I learned from her that mixed breeding is nothing to be ashamed of.
Huh, maybe I should thank her.
I know I've been rough on you for marrying and having a child with a raccoon, but once I met this little miracle, I knew you made a perfect choice.
Wow Mom, I guess you have grown, at least a little.
Thank you.
Y'know, you should tell all this to RC! He could use an apology too.
Do... do I have to?

Here's some ice.
Thanks.
Next time we do this, We'll try some of my games.
Maybe something retro, like Unreal, or Quake 3.
I don't know if I could handle it. I barely held up playing Kaboom.
My abilities didn't have to contend with arthritis back then.
But you were willing to try out my old games, so it's only fair I try yours sometime,
when I can move my wrist again, that is.
It's a date.
So, does Sabrina still play any Atari games?
Once in a while. Sometimes she plays that game where the ducks chase a square around a maze.
Oh, that's actually an adventure game.
What's it called?
"Adventure"
Ah.
So, you wanna get some dinner?
What's on the menu?
We could order a pizza.
Endora doesn't like it when I have pizza. All that salt and fat isn't good for me.
Yeah. Since she had the baby, Sabrina's been pushing for us to eat healthier too.
So... a Meat Lovers' Deluxe then?
Deep dish.

I brought us some hot dogs and Funnel cakes.
They only cost 27 dollars.
Good, I'm starving.
I hope Tabitha and Zig Zag are doing alright. I know they have more energy than either of us, but there has to be a limit!
Who can say? I know better than to underestimate either of them.
I got some Funnel cakes and hot dogs for us. Can you believe they want 35 bucks for this junk?
I thought we were gonna ride the Whirl-a-Noise!
I think I could use a little break first.
Okay, I could eat.
So kiddo, what's going on with you these days? Got any plans for your life?
Someday, I wanna become one of those kids who reacts to videos and memes and stuff on YouTube!
Well, knowing you, I bet you can achieve whatever dream you set your mind to.
Thanks.
Can I ask you a question?
Shoot.
What is sex like?
glkh.
HAKKH!!

Why are you asking me about this?
I figure if anyone can teach me about sex, you can.
You do the porns, after all.
"The porns"?
Don't you think it would be a better idea to ask your mother about this stuff? - or even your sister?
What would they know about it?
Well they both have children, for one thing.
No way!
No way I'm talking about sex with my family! That's just... WEIRD!!
Hm. I guess I might feel the same way if I was in your place.
So what has you so hopped up about this subject now?
C'mon! Sex is everywhere!
TV, music, and it's all over the internet!
I already learned the web is all full of porns.
Didn't your folks have a parental block put on all your computers?
Yeah they did, but I found the toy Sabrina hides her passwords in, and here we are.

©2020 Eric W. Schwartz - All Rights Reserved - Zig Zag (ip) Max BR - Page 33

So, about all that porn on the internet, what have you seen?
Not much.
Almost nothing really.
I was gonna watch some, but when the people in 'em start getting naked, I feel weird about it and shut it off.
I found a video that had you in it. I had to turn that one off right away.
I can't watch somebody I know gettin' all naked and sexy'd up! It's not right!
It just felt kinda embarrassing and gross, like accidentally walking in on Dad in the bathroom.
I don't think anyone's ever talked about me that way before.
I hate to tell you this kid, but I think this means you're still too young to deal with this subject maturely.
You really think so?
Trust me. I wouldn't want to lead you wrong.
When do you think I will be ready?
Hard to say, Tabitha.
Some go to their graves still having no idea what's what.

How will I know when I'm old enough to learn about sex 'n' stuff?
Well, you're already thinking about it enough to ask me. I think you'll probably figure it out for yourself.
Some day - when you're older, there might be a time when you'll see some boy, or maybe girl, or whatever, and something from deep within you will find this individual extremely... compelling.
You won't really know quite what to do with these confusing feelings, but they'll make you want to be near them, touch them,
maybe punch them in the arm, or try to get a whiff of their scent.
You might be too nervous to speak to them without fear of embarrassing yourself, so you end up leaving 'em alone,
but you just can't get 'em out of your head, so you try anything - read a book, run a mile, or rub up against a door jamb,
just to distract yourself enough so you can think straight, and-
That's just...
WHAT!?
I guess you can consider that a first lesson.

So, how's the pizza?
I can literally Feel how bad it is for me.
It's amazing.
Yeah, this place does good work.
So ah - your wife hates me, right?
What makes you say that?
Seems like she avoids talking to me unless she absolutely has to.
Maybe she just doesn't quite know how to deal with you yet.
Endora spent a lot of time convinced you were wrong for Sabrina,
You don't just get over that in an instant.
Kind of ironic, as her own parents didn't think very much of me at first either.
She's getting better though. I think she looks at you as part of the family now.
Yeah, well I hope you're right, but I'll believe it when I see it.
So, what was your opinion of me back in the early days?
I - uh, can't talk now. Eating.

Nothing!
Maybe I should check on her. Will you all be OK here?
Of course dear.
You an' Sabrina seem to be getting along better'n usual. What's going on?
Oh, we always get along well Tabitha.
yuh-huh.
So, what have you and Zig Zag been up to?
We went on a buncha rides, then we sat down and talked about stuff.
It was OK. Got a little weird, but OK.
Oh? What did you talk about?
...
Nothing.

Oh my GOD! No wonder everyone's been looking at me Funny!
Guess I need to try and wash the rest of this stuff out.
Hey, what happened to you? Did you Fall in the mud or something?
What? Nah, I dyed my Fur to look like a skunk, but it didn't work out.
You WHAT!? You can't do that! It's species appropriation!
What's going on here?
This vixen thinks it's Funny to dress in SKUNKFACE!
Really? That's horrible!
No it's not like that! I got a lot of skunk Friends!
Yeah, right! That's what they all say!
Now hold on a minute here...
You're a monster!
Yer worse than the government!

HAHA...
HAHA...
HAHA...
Zig Zag!
You OK?
Ahh.. *GULP!* Here, hold this for a sec.
Ohh... DAMN! That had to be the oldest, creakiest wooden roller coaster I've ever been on!
The whole thing was shaking, and rattling, and throwing me all over the place! I was screaming during the entire ride!
My God! That sounds like it was horrible!
No! It was AMAZING! like the world's greatest vibrator!
I just sat on my water bottle and rode it to a climax that lasted a Full minute!
EWW!!
Oh, relax. I just sat on it. It's not like I sat ON it!

So why are you here riding roller coasters - and water bottles - by yourself?
Sorry, guess I needed to blow off a little steam.
Is that why you sent Tabitha away - so you could pleasure yourself?
NO! I mean sorta, but not really!
Tabitha and I were having a great time, but then she started asking me questions about sex.
She what?!
I guess she considered me an expert on the subject, which I obviously am.
Stressed me out! I didn't know what to tell her! I sure as hell couldn't give her the facts in detail!
Endora'd probably kill me, you'd kill me, and I'd wanna kill myself if I thought I'd messed up a great kid like Tabitha.
So what DID you do?
I think I defused the situation, convinced her she needed to wait a few more years.
At least I hope I did.
Well, that's good, I guess, but we'll have to keep an eye on-
Will you get rid of that nasty bottle!!

Is everything OK?
Everything's Fine.
Just don't ask for a drink of her water.
Well, I'm about finished here for today. What about all of you?
I've nearly thrown up, and I was thrown-upon. I'm DONE.
I'm pretty tired, so yes.
WHAT!? But there's like at least five different rides I haven't tried yet!
Hi Zig Zag, Hi Sabrina.
Sheila!?

There she is! GET HER!!
I have no idea what's going on, but I think maybe we'd better leave now, before someone connects her to us.
Agreed.

What, really?
An angry mob is chasing Sheila out of the park!
I just knew Sheila would mess this up somehow.
It's her own fault for trying to crash the skunk party.

Sure was.

I'll meet you ladies at the store, okay?
You want to go toy shopping with us?
It's a Frickin' Target. I'll find something that interests me.
See you in a bit!
We'll see you Zig Zag.
Hm. She's one of the good ones, isn't she?
"Good ones"?
You know - mixed breeds.
You do realize that's an inherently speciesist statement, right?
What? No it's not! I was being positive!
Whatever. You know, with all the species talk you used to do, I'm surprised you didn't have much to say about Amy and Thomas.
Your old roommates? What about them?
They're a mixed couple.
No... really?
Yeah. She's a squirrel and he's a wolf.
Actually, he's part wolf, part fox, so that make their kid like, three things.
Oh, um... I knew that.
I just didn't feel it was necessary to draw attention to it.
How progressive of you.

ABOUT 40 OR SO MILES DOWN THE HIGHWAY:
Do you go shopping for toys often?
Not so much since I had Danielle, but I used to all the time.
You?
I don't have much interest in toys unless they're as useful as a water bottle, if you catch my drift.
Ah. Walked right into that one, didn't I?
It's pretty lucky - they have both the new Optimus Prime toy, and the one from last year's line.
I can't really get both. They're so similar they share parts!
The newer one is more cartoon-accurate and comes with a trailer, but it's also twenty bucks more.
Maybe it's just me, but sometimes it seems like the elements that make something more idealized also makes it less interesting.
You know what I mean?
Is this what it's like to be a toy geek?
Pretty much.
I'm gonna need a cart.

Hey Tabitha, what kinda toys are you looking for?
C'mon, I'm too old for toys.
Too old!? I wasn't too old for toys when I was your age!
Sabrina, you're not too old for toys right now.
True.
That only means you're weird though.
So there's nothing here that you enjoy?
What about some My Little Pony toys? Young girls are supposed to like those.
I heard that only strange guys on the internet like them.
hold up, what's that?
They have Minecraft toys?
plushes and stuff of that YouTube animation guy?
FORTNITE toys!?
Toys from video games? I guess I never really saw the point.
Ooh, this one looks a lot like my customized character.
Sabrina, can you lend me some money? I need to get this.
Umm... sure.
No one is too old for toys.

y'know Tabitha, Zig Zag mentioned to me you were asking her some... questions.
Aw, MAN! I didn't want anybody to know!
Nonetheless, if you ever feel like talking things over, I'm available.
I may not be as experienced as Zig Zag, but I can at least answer a question or two.
Look, I know it's not easy to talk about this stuff, especially with Mom, believe me!
I'm just saying I've already been through what you're going through now, so I can help - if you want.
no.

So, what did you get?
I found some lovely shoes and a matching purse for a good price.
You wear shoes?
IF they match the purse.
What about you, Zig Zag?
Nothing much for me today, just a little something to drink.
How about you, Sabrina? This little side-trip was your idea, after all.
I guess I lucked out, 'cause I found more toys I wanted than I expected to. Scalpers must not have this store on their radar.
They even had Rung. No one has Rung!
Who... or what... is a Rung?
A character originally from the comics, a robot psychoanalyst.
It turns out he's actually the very First Cybertronian, creator of the Matrix, who forgot his past, and-
Allright, It was my fault for asking!
So, what did this mess set you back?
I'd rather not say.

EXIT ON RIGHT IN - ONE AND ONE HALF - MILES.
Wait, I thought we were headed home.
Oh, Zig Zag invited us out for a few drinks.
I accepted.
YOU accepted? I didn't even know!
It shouldn't be long, just a short gathering to finish up the evening.
Oh well, it might be nice to relax a bit.
Don't expect me to have much to drink though.
No?
I never really had that much of a taste for booze, and I don't like feeling out of control,
at least not again.
Well, that's good to hear.
Happy that your daughter is being a responsible adult?
Well yes, but it also means you can drive home, and I get to drink as much as I like!

This is my First time in a bar!
Hey there, do you have any baby seats?
I think there might be one or two in back, left over from when this was a pizza place.
Waitaminnit, no one said nothing about bringing kids in here!
Is that a problem? They're not gonna be drinking!
Maybe not, but if they get in any trouble here, I could be liable!
There won't be any trouble. The Family will make sure of that!

There. I knew kids weren't banned from bars in this state!
What are you talking about?
Nothing. Oh, I took the liberty of ordering some bar snacks.
Can I get you anything to drink?
Not tonight. I've never been much of a drinker, and it looks like I'll be abstaining so Mom can drink and I can drive.
Admirable, if unfortunate.
Why? You trying to get me drunk?

You're KIDDING me! An orgy in the bushes!?
That's right!
It just sorta happened.
We were just having a good time on our own, then we kept getting the guards who were sent to stop us to join in.
How many guards did we get?
I dunno. I lost count after the third or fourth one.
Wow, you girls are crazy!
What, you're saying you didn't take the chance to pull some park worker into a washroom for a little strange?
Not really. Aside from a little private fun on the roller coaster,
Ooh! We should try that next time!
I spent most of my time with Endora, Sabrina, and the kids.
That sounds a little lame to me.
Is it really so bad that I felt like spending one day hanging out with a nice family instead of trawling around for anonymous sex?
Not at all.
It just means you're gettin' OLD, Zig!
HA!

Wow, a Galaga arcade machine! It's been a while.
It looks pretty retro-styled to me.
It's not 'retro style'. I bet that machine is literally almost Forty years old.
Izzat why it only costs 25 cents to play it?
This isn't like the games you play at home.
Please. I beat like, Four different FPS campaigns in six weeks. this is gonna be simple.

Sabrina? What are you doing at the bar? You OK?
I'm just taking a short break.
What about you? You went missing for a bit, and now you're back, smelling a bit like sweat, vodka, and the studio during a heavy shooting schedule.
I'm good. I was just returning a favor.
I see.
I Feel bad. You shouldn't have to... debase yourself just so all of us can hang out in here.
EXIT
Don't worry about it. I'm the one who made the offer, and I don't mind doing it for the sake of my friends.
I don't know if I'd tell Mom about this, however.
Definitely not. Endora knows I do this stuff, but I don't think she fully gets just **how much** I do this stuff.
So why did you leave her alone?
Like I said, I just needed a little break. The more Mom drinks, the more - **unfiltered** she becomes.
BLEH!
Oh, I think I know what you mean.
So.. you two are lovers, is that right?
We're a couple, yeah.
Well then, have you just **accepted** the idea you're probably going to hell, or do you believe something else is going to happen?
GOD, Mom!!

Heh, remember when you first started working for me?
How could I forget!?
You seemed so naive and innocent back then.
I wanted to CHANGE that!
Do you realize how creepy you're sounding right now?
Heh.
I thought you were too uptight, and badly needed to loosen up. I had a lot of fun messing with you.
It was a little more than just messing with me.
True, but you have to understand just about everyone at the studio either had sex with me for work, or were friends with benefits,
until there was you. You were this anomaly in my world, and it made me kind of obsess over you.
I kept trying to get close, you kept pushing me away, and it just made me want to get into those skunk-print pants even more!
Yeah, that was NOT a good time for me.
I know. I came on too strong, pushed it way too far.
I didn't exactly mean to punch you out in that hotel room. It was an instinctive reaction.
Don't apologize. I deserved it.
I just wish I was better at learning life lessons without getting bashed around in the process!

I get it. I forced myself on you, and got decked for it. I'd hate to be pushed into anything I didn't want to do, and that's exactly what I tried with you.
hmm.
I had, or **have**, this bad habit of assuming everyone I want to sleep with is as into it as I am.
Not that that's any excuse for what I did, even if I **am** right about it a lot of the time.
Apology accepted.
Honestly though, I'm kind of amazed you didn't bolt after that first year or so with me.
Almost did a few times.
The generous paychecks helped.
I hope you didn't think I was just bribing you with more pay to stick around.
OF **course** I did!
Smart girl.
I mean, I enjoy the work 'n' all, but it seemed to me like I was getting raises and promotions more frequently than I deserved.
You think so?
I went from the skunk hired to do website graphics to 'chief technology and new media officer' for the whole studio! You tell me!
To be fair, titles are pretty meaningless with me.

It's not like I was just giving you new job titles. You were taking on new responsibilities too.
I guess, but I still wonder why sometimes.
I mean, it made sense that I went from web graphics to web design, to visual design for the discs and packaging. That was just keeping within my skill set.
It was cute that you kept wanting to use your own home computers on that stuff.
Hey, I know my Amiga graphics.
But when I was placed in charge of putting together infrastructure for the online store, streaming video, and all that it seemed strange to me. After all, I'm no expert!
SERVER TOWER
CX-40
INVOICE

NETWORK CABLING
Well to be Fair, you never told me you **couldn't** do it!
Maybe you're not an expert, but you're still two or three up on anyone else at the studio. You always had an opinion on how our tech should be handled, and if you didn't know something, you were willing to learn it.
SOCIAL MEDIA FOR DUMMIES
I have become well versed in a lot of important software that I don't like.
Back in the day, if we needed a job done, we'd hire some temp Freelance subcontractor.
In all honesty, paying you more to take on more work is still cheaper than hiring an outside expert to do it.
I guess I can see some economic logic in that,
-but you did think Tracey could take over while I was out, so what do you know?
One way or another, if it keeps you hanging around the studio with me, that's just icing on the cake!

I think once we came to an understanding, we started getting along much better.
You mean when you dialed your sexual harassment down to a dull roar?
Something like that.
I know you're not into girls, even if they're as undeniably **hot** as I am, but you can't blame me for holding out hope you'll feel like trying this out one day.
Oh, I'll **blame** you all I want!
No, you had to go and make me jealous by dating your future hubby!
I admit, when I first laid eyes on him, I thought, "What does she see in him? What does that skinny dweeb have that I don't?"
There is **one** thing he has that you don't.
Oh please, I have like **three** drawers full of those I could put on!
Ergh.
But after meeting him a few times, I understand. He's like you. You both like the same things.
You can talk about common interests, and I can see the attraction between you. I bet you two have awesome nerd sex.
I... don't wanna answer that.
What I'm trying to say is that while I didn't think a lot of RC at first, I believe you both work well together,
and I have trouble imagining you without each other now.
Well Zig, that's surprisingly sweet of you!
I think it goes without saying if you both were interested in a threesome, I'd totally be up for it.
And yet you said it anyway.
Bravo.

You found RC, got married, started a family...
It's like you've grown up before my eyes.
Are you trying to convince me I'm not actually younger than you again?
I just mean that you're moving forward with your life.
When I see that, it makes me feel like I might be standing still.
You're already rich, famous, and run your own studio! How much further do you want to go?
That's what I used to think too, but you had me wondering if there was more to explore.
That's why I took the opportunity to get to know your mother. She's a lot of fun once she loosens up a little.
Y'know, I never really understood you two, but it seems like hanging out together brought out the better in you both, so I can't argue with that.
I had a... bad relationship with my own parents, so I enjoyed the chance to see vicariously what it's like to be part of a normal family.
>pfft<, "normal".
I know you and Endora don't see eye to eye, but you know she only does what she does, even if misguided, because she cares about you.
Yeah, I know.
See? you really started something girl! You were my first non-sexual friend,
Not for lack of trying.
and I've been building on that ever since!
Is that right?
Well technically, you were my first non-sexual ADULT friend.

HA! Don't I know it!
After all, I'm not a particularly good person.
Wait, what are you talking about? You're... Fine!
Not really, next to someone who's practically a saint like you.
I'm nothing special. I recognize I can be insensitive or selfish more than I like,
but you're always doing things to help others out, or paying their way - this whole outing, for example!
I do things for those who are important to me.
It's enlightened self-interest at best.
C'mon now.
I might be kind and charitable one minute, but petty and vindictive the next.
-and forcefully horny the next.
I have a bit of a problem with impulse control.
Is that why your hand is where it is?
Whoops! Sorry about that. I think the booze might be getting to me.
You still haven't removed it.

Uhh... you mean as a friend, or you love my butt, or-
Heh, any. Any and all.
At first, I lusted after that juicy rear of yours, and I still have a healthy appreciation for it.
Yeah. I've noticed.
After all our early stumbles, I've worked to curb my advances - somewhat, and learned to appreciate you more as a friend.
I gotta say, it's a lot easier dealing with you as a friend than as a horny boss.
I felt very protective of you. I mean, I want to protect everyone that works with me, but this was... more.
I'll tell ya, when that one guy hurt you, I went OFF!
That was all pretty terrible, but it's kinda nice to know you care.
I've enjoyed helping you out all those times, and getting to know RC, Endora, Warren, Tabitha, - and doing things for them as well.
Yeah, it's like you're getting to be as much part of the family as my blood relatives!

Is it just me, or is your mood kind of all over the place?
I think maybe I mighta had a little one too many.
That, and it seems now whenever I talk about my emotions, it makes me feel... emotional.
Weren't you seeing a therapist about that?
No, that was for the court-mandated anger management sessions.
I beat the ass of some $#!+ who tries to kill my friend, and I get forced into anger management! The F@£%'$ with THAT!?
So, uh... was that it?
I actually did keep having sessions for a while afterward. Helped me work out a few things I think.
- My past, my feelings toward you, lotsa stuff.
Are you still going in?
Nah, we stopped the therapy sessions after I had sex with my doctor.
Wait, really?
Yeah, Dr. Black's a pretty ethical guy, so he refused to see me professionally if we were sleeping together.

Please try not to put it anywhere inside your body.

Like I said at the store, he's a robot psychoanalyst in the comics, so you can talk to him about any problems you might have.
And if that's not good enough, and you need a skunk to speak to, I guess you can talk with me instead,
-if you keep the flirting to a minimum.
Aw, Sabrina! that's so nice of you! Thank you girl!
C'mon Zig, don't get all mushy.

I uh,

It's no trouble, really.
It's no big deal. I can just...
Well I don't think I'll stay here.
Maybe I'll sleep it off in my car.
I'll see you later, Endora.
Oh! Zig Zag! The next time you see those two skunk friends of yours, could you tell them I'm sorry?

I've felt that way for several years, though I think maybe I relate to her a little better now, since I started a family of my own.

Seems like whenever I leave you at home, I always come back to find you completely zonked out.
I uh... sorry 'bout that. We had a big dinner.
I can see that. At least you left a couple slices for the rest of us.
Dad, you'll need to drive Mom home.
>ERRGH< Fine.
Yoink!
Warren, I can't **believe** you ate so much! You **know** pizza is bad for you!
Nah, it's all **perfectly** okay.
This was **healthy** pizza, with like, **kale** or something.

Thanks for driving me home, Tina. You didn't need to. I was perfectly content to spend the night in my car.
Happy to do it. I just needed to take an Uber halfway to Cincinnati, and then drive your car back here.
I'll pay you back.
I know you will.
Wouldn't have been any problem at all if you'd let me come along on your little outing.
I told you before, this was the "skunks' day out", not "skunks and one lynx's day out"!
Just another ploy to get into Sabrina's pants. I thought you'd given that up.
No! It was just a day of fun with friends and their family, and a chance for a little honest talk about my feelings.
I see.
So, did you?
Yeah, I did. I don't know if it actually accomplished anything, but at least it's out there now, and that was it worth it to me.
You're amazing, Zig.
You waste so much time and effort on some girl you already know will never get with you.
C'mon, you understand how 'Forbidden Fruit' works.
Besides, it wasn't wasted! Sabrina's become my best non-sexual friend!
Non-sexual friends are valuable too!
Just don't forget with all your new non-sexual friends, that you shouldn't neglect your VERY sexual friends,
-and all the things they can DO to you.
BITCH, YOU DON'T NEED TO TELL ME THINGS I ALREADY KN-
MMPH!♥

You've stayed up very late tonight, haven't you?
Blame Mom and Sabrina! I had nothing to do with that!
Wasn't my idea to spend all night in a bar.
Even so, you're way overdue for your bedtime. Get washed up and head to bed.
All right, all right, jeez!
Are you okay, Endora?
Uhhh... I'll be Fine. I just need a few hours of sleep, like maybe Fourteen.
Did something happen with Tabitha today? She seems... sassier than usual.
I don't think so. She spent the day either shopping with Sabrina or on rides with Zig Zag.
I see.
Have you ever considered that Zig Zag might not be the best influence on Tabitha?
No, I don't think that's a problem. After all, Sabrina's always the one talking back to me.
If anyone is encouraging Tabitha to misbehave, you can bet it's probably Sabrina!

Did you get along okay with Dad today?
Z
Yeah, not too bad. I learned he's pretty good at archaic video games.
Ugh, I'm ready to put this day to bed.
Amusement park,
shopping,
then the bar,
I'm exhausted!
You took the baby to a bar?
Don't worry. Neither of us had any grown-up drinks. Danielle spent most of the time asleep while Zig Zag vented her feelings at me,
her feelings toward me.
Ooh, sounds juicy.
-or scary.
She's OK. It's nice to see her more vulnerable side, and I think maybe I understand her a little better now.
Does that mean she'll be less touchy-feely-horny now?
Heh, you're kidding, right?
'Night, babe.
-CLICK!
I mean, maybe if she was a little less like one of those sitcom characters that learn a valuable lesson and change their ways, but the series is ongoing, so by the next episode-
Sabrina, I already said good-night.
Sorry.

THE NEXT DAY:
You really know how to get a skunk ready for a new day, Tina.
It's what I do.
Hey Zig.
Sheila!? I hadn't seen you since we left the park. What's with the monk look?
Well, you know how I dyed my fur to look like a skunk, right?
I remember.
Yeah, well I was having a ton a' trouble trying to wash that dye out!
I didn't know why it wouldn't work, especially since some of it washed out when I went on the log ride.
uh-huh.
But then I thought, 'Hey, the water on that ride probably had chlorine in it,' y'know?
Oh God.
So I grabbed a bottle of bleach, and-
Sheila, please take the hoodie OFF.
DAMN, Girl!
Yeah, so it wasn't my best idea.
I'll go tell Cathy to get all the red hair dye she can lay her hands on!

You heading to work?
Yeah, though I'm tempted to take my would-be First day OFF and make it a Four day weekend instead.
I'm still worn out From yesterday.
At least you had Fun, right?
Yeah, even with all I went through, I'd say I had a Fun time.
What about you Danielle? Did you have Fun running around with Mommy and everybody?
Fon.
!
What did you say?
Fon.
That sounded a lot like an actual word to me!
Oh my God, she's TALKING!
Fon!
Is that it Danielle? 'Fun'?
Did you have Fun yesterday?
Oh.
Fōn.
Riiight.
FON!
FON!
Here you go kid. I think you've earned it.

Yeesh, looks like this whole pandemic thing is getting worse before it gets better.
Yeah. It makes me realize how fortunate we are.
BAD NEW 2020
VOL. 35
Fortunate?
Yeah - after all, I'm lucky enough to have work I can do at home for the most part,
and everyone I really need is already right here with me.
Awww!
Wearing a mask to do the shopping is kind of a pain in the butt, but it's a small price to pay.
.89/lb
1.99/lb
I kinda like it myself. Strangers are less inclined to strike up conversations with me.
So as long as we have each other, we're OK then?
It's probably tougher for Zig Zag and the others at the studio. They're more... social than us.
That's true.
I definitely sensed some tension at the last online meeting.
Hey Tina.
Yes, it's me.
Yes, again.
...
C'mon Tina, I'm climbing the walls over here!
I know, I know, but I could really use a friend right now for some pleasant, face-to-face conversation,
and to #&¢* me STUPID!
